**CO-FOUNDER, Chad M Ross**

Chad Ross is a Co-Founder of GovParts LLC. Together with his business partner James Jackson, they have succeeded in making GovParts a Tier 1 supplier to the Department of Defense (DOD) and an asset to small businesses wanting to do contracts with the DOD. GovParts focus on small business and competitive pricing is a winning formula. The experience and drive of its founders is why its accelerating rapidly into becoming a powerful force in the defense industry

Past Experience	
	<p><b>Martin Sprocket and Gear</b>                      Cage=05506                      Machinist/Apprentice                      5 years</p>
	<p><b>Precision Laser Services</b>                      Cage=0G2D1                      Process/Manufacture Engineer                      Gov Contract Manager                      12 years</p>
	<p><b>GovParts LLC</b>                      Cage=7YWT4                      Co-Founder                      2017-present</p>

Detailed Past Experience
<p>He got his start in metalworking at Martin Sprocket and Gear working through an apprenticeship program under master machinists in several fields of metalworking. CNC programming became a huge part of his experience at Martin Sprocket after the apprenticeship.</p> <p>Precision Laser Services is where he excelled at every aspect of his job , moving from Supervisor to Foreman and finally to Process Engineer/DOD Contract Manager within 4 years. He managed contracts for Crane Naval Services and Defense Logistics Agency. Mainly focused on Gun components and critical application Items. He also designed fixtures and program all the machinery for in-house processes as well as quote all machining work. He is experienced in DIBBS, WAWF, VSM, NECO as a daily part his job at Precision Laser Services. His job also entailed managing compliance and DCMA relations.</p> <p>This past combined experience is what helps GovParts succeed but his passion and knowledge of Government contracting is what will propel GovParts into a successful future in the Defense industry</p>
