CAPABILITIES

GovParts is a Hubzone certified manufacturing facility specializing in fabricated and machined metal defense components and MTP (Made To Print) items being procured in the federal marketplace. Our facility has CNC mills and Lathes, bandsaw, surface grinding and certified welding capabilities. We also have lanyard assembly equipment and CNC sewing machines used to make custom webbing and strap products. We specialize in small/moderate run stainless steel, steel and aluminum machined components, small assemblies and custom lanyards and strapping.
